

38TH WORLD CONFERENCE

CALL FOR TELLERS

As part of the preparations for the 38th World Conference, we are pleased to invite applications to be a Teller at the conference.

The Tellers will count and verify the results of each vote and report the results to the Conference Chair.

We are looking for enthusiastic individuals who:

- Are confident in using computers and digital technology;
- Are able to communicate in English both verbally and in writing;
- Offer a high-level of attention to detail and accuracy;
- Have a calm approach when under time-pressure.

Those appointed as Tellers will be given training in how to use the conference platform but previous experience of electronic voting would be beneficial.

Tellers must be available during the week of the World Conference and will also need to attend orientation sessions and rehearsals which will take place before the conference.

Individuals applying for the role of Teller must be planning to attend the World Conference, either as part of a Member Organisation delegation or as an invited guest. Those attending the conference as a Head Delegate or Delegate for their Member Organisation cannot undertake the role of Teller.

Young women under the age of 30 years on the first day of the conference, who have the relevant skills and experience are encouraged to apply.

If you would like to apply for the role of Teller, please submit your application form before **28 February 2023**.

Once applications have been reviewed, the Procedural Team will be in contact with individuals about the next steps. Please note that the Procedural Team will always seek the endorsement of an individual's Member Organisation before the role of Teller is offered.

SUBMITTING AN APPLICATION

Open call:
26 December 2022 – 28 February 2023

Please complete and return the application form.

**This should arrive no later than 23:59 (UTC) on
Tuesday 28 February 2023.**

Forms received after this time will not be considered.
