

## Dear Member Organizations,

Thank you for participating in this consultation to develop the 2026-2028 Regional Triennial Action Plan for the Arab Region. This Triennial Regional Action Plan will set the direction and priorities of the Arab Region for the next three years. It will, after consultation, describe the services and activities the regional team will deliver to add value to the Movement in our region, and how we will pivot our work to contribute to WAGGGS Global Strategy and Compass 2032; our unifying vision as adopted by written resolution before the 37th World Conference in 2021.

The consultation process will follow a similar approach to other WAGGGS recent consultations. It has three stages and will run until the final plan is shared with Member Organizations (MOs) for voting at our Regional Conference. We welcome feedback from decision-makers in all MOs and Component Associations (CAs) at all stages of this consultation. If you can involve more members in giving feedback, particularly girls and young women, we strongly encourage you to do so.

All 2026-2028 plan-related enquiries and feedback should be sent by email to [arab.reco@waggggs.org](mailto:arab.reco@waggggs.org) with the subject: Regional Triennial Action Plan feedback.

## First Draft Consultation:

[10 th February] – [26 th February] [2025]

This stage will help us confirm the overall direction of the 2026-2028 Regional Triennial Action Plan. We are looking for your thoughts on whether the suggested priorities are the right ones to add value to your MO and to the region as a whole. In addition, we ask you to feedback what kinds of activities would best help us to achieve the objectives so that these can be integrated into our second draft.

This document is the first high-level draft of the 2026-2028 Regional Triennial Action Plan. It does not include activities (referred to above), key performance indicators nor provides details on how the regional funds will be allocated. These will be included in the second draft.

This first draft is ambitious, and we will need to be ready to adapt the scale of our activities according to our operating context and limited resources. Your insight into where the regional team should prioritise its resources for the greatest positive benefit for your MO will help us tighten our focus in the second draft.

While reading the draft of the Regional Action Plan we encourage you to consider:

- Do the areas of priorities and objectives feel like the right areas to focus on?
- Is there any area of priority missing?
- What services or activities do you envision will have the greatest potential to contribute to Compass 2032?
- Which services and activities are most critical in the short term and should be prioritised?
- Can you identify any areas where your MO might be interested to collaborate with the regional team?

## Next steps for your input:
