GIRL GUIDES ASSOCIATION MALAYSIA (GGAM)

Co-hosted with Asia School of Business (ASB) in collaboration with MIT Sloan School of Management

10 –12 December 2026 in Kuala Lumpur, Malaysia

TO: Honourable Vice Chancellors & Deputy Vice Chancellor (Student Affairs) of Universities, Chief Commissioners, International Commissioner, Youth Leaders & Friends

FROM: Organizing Committee, World Youth Leadership Summit 2026

SUBJECT: OFFICIAL INVITATION & EVENT CIRCULAR 1 — WORLD YOUTH LEADERSHIP SUMMIT 2026

THE GIRL GUIDES ASSOCIATION MALAYSIA

Dear Honourable Vice Chancellors & Deputy Vice Chancellor (Student Affairs) of Universities, Chief Commissioners, International Commissioners, Youth Leaders and Friends,

The Girl Guides Association Malaysia (GGAM), together with the Asia School of Business (ASB) in collaboration with MIT Sloan School of Management, cordially invites your delegation to register for the landmark World Youth Leadership Summit 2026, taking place in Kuala Lumpur, Malaysia from 10 to 12 December 2026.

This Summit brings together young delegates aged 18 to 28 years old from around the world. Together, we will foster global collaboration, empower future-ready leaders, address pressing youth challenges, and celebrate major institutional milestones.

Key Highlights & Unique World-Class Features

- **BE PART OF GUINNESS WORLD RECORD AT MENARA MERDEKA 118:** Delegates will participate in an official Guinness World Record attempt. This historic ceremony will take place at the viewing deck of **MENARA MERDEKA 118—the 2nd TALLEST BUILDING** in the world. Delegates will be given a summit scarf, which will be linked end-to-end into a chain and collaboratively tied into a knot high above the Kuala Lumpur skyline. This signifies all the World Youth tying the Knot of Unity and Global Friendship simultaneously.

- **THE GIRL GUIDES ASSOCIATION 110th ANNIVERSARY GALA DINNER:** Delegates will attend an exclusive off-site Gala Dinner celebrating 110 years of GGAM's institutional legacy and female leadership heritage in Malaysia, joined by key dignitaries and global youth champions.

- **ACADEMIC EXCELLENCE AT THE ASIA SCHOOL OF BUSINESS:** Hosted at the state-of-the-art campus of Asia School of Business (ASB) in collaboration with MIT Sloan School of Management, the Summit features keynotes at the Khazanah Auditorium, 4 parallel Youth Action Tracks, and live Action Pitches.

- **VIBRANT YOUTH ACCOMMODATION:** All delegates will be housed at the vibrant Moxy Hotel Kuala Lumpur on a twin-sharing basis (3 Days / 2 Nights), with full ground transportation provided between the hotel and the summit venue.

Appendix 2: Summary of the 4 Youth Leadership Breakout Tracks

Track Theme	Focus & Topic	Explanation & Session Learning Flow
Track 1:	**AI-Ready: Skills & Careers of the Future**	1. **What Skills Will Still Matter in 2030?** – Identifying the human, technical and judgment skills that AI will complement rather than commoditize. 2. **From AI User to AI Power User** – How students and young professionals can use GenAI, agents, vibe coding and other tools to multiply their productivity. 3. **The Jobs AI Will Change – Not Just Replace** – Redesigning existing careers around human + AI collaboration. 4. **The New Career Moat** – What will differentiate one candidate from another when everyone has access to essentially the same AI tools? 5. **Learning Never Stops** – How universities, employers and individuals must rethink reskilling, micro credentials and lifelong learning.
Track 2:	**Work Reimagined: Humans, AI & the Digital Organization**	1. **The Human + AI Organization** – What should humans do, what should AI do, and where must humans remain accountable? 2. **Meet Your New Digital Colleague: Agentic AI** – What happens when AI agents become members of teams and execute real workflows? 3. **Redesigning Jobs, Not Just Automating Tasks** – How organizations can use AI to fundamentally rethink roles, processes and organizational structures. 4. **Leading People in an AI-Transformed Workplace** – How leadership, motivation, trust, culture and performance management must change. 5. **The Productivity Paradox** – If AI is so powerful, why doesn't productivity automatically soar? What must organizations change to capture the gains?
Track 3:	**Entrepreneurship Reimagined: Building in an AI-First World**	1. **The One-Person Unicorn?** – How far can AI allow very small teams to build, operate and scale businesses that once required hundreds of people? 2. **From Idea to MVP in Days** – Using GenAI, vibe coding and digital platforms to dramatically compress the entrepreneurial cycle. 3. **What Is Your Moat When Everyone Has AI?** – Rethinking competitive advantage when technology and intelligence become increasingly democratized. 4. **Solving Asia's Problems with Asian Innovation** – Identifying opportunities arising from ASEAN's demographics, urbanization, financial inclusion, healthcare, education and digital transformation. 5. **Scaling Without Losing the Plot** – Capital, talent, governance, ethics and culture as AI-native startups move from experimentation to scale.

Track 4:	**Sustainability Reimagined: Climate, Technology & Value Creation**	1. **Can Green Also Mean Profitable?** – Turning sustainability from a compliance cost into innovation, competitive advantage and value creation. 2. **AI for the Planet** – Using AI, data, satellites, sensors and digital technologies to measure, manage and solve environmental problems. 3. **Who Pays for the Transition?** – Green finance, blended finance, carbon markets and new mechanisms for mobilizing private capital. 4. **Beyond Net Zero: Nature, Biodiversity & the Circular Economy** – Moving the sustainability conversation beyond carbon emissions alone. 5. **Solving the Emerging World's Problems with Innovation – Identifying** opportunities arising from demographics, urbanization, financial inclusion, healthcare, education and digital transformation.

10:30 AM-2:30 PM	City Tour	Kuala Lumpur sight-seeing
2:30 PM	Return to Hotel to Collect Luggage	

Subtopics by Session / Track

Note: There is a nice progression across the four sessions: Me → My Workplace → My Enterprise → My World.
Session 1 asks how to remain relevant; Session 2 how *we* work differently; Session 3 what *we can build*; and Session 4 how those capabilities can contribute to a more sustainable economy and society. That could become the intellectual spine of the entire program.

Session 1 – AI-Ready: Skills & Careers of the Future

[Prof Sanjay Sarma, Prof David Asirvatham and Prof Ting Yuan Sen]

5 Subtopics:

1. **What Skills Will Still Matter in 2030?** – Identifying the human, technical and judgment skills that AI will complement rather than commoditize.
2. **From AI User to AI Power User** – How students and young professionals can use GenAI, agents, vibe coding and other tools to multiply their productivity.
3. **The Jobs AI Will Change – Not Just Replace** – Redesigning existing careers around human + AI collaboration.
4. **The New Career Moat** – What will differentiate one candidate from another when everyone has access to essentially the same AI tools?
5. **Learning Never Stops** – How universities, employers and individuals must rethink reskilling, micro credentials and lifelong learning.

Session 2 – Work Reimagined: Humans, AI & the Digital Organization

[Prof Michael Frese, Prof Wang Yi-Ren and Prof Alexander Eng]

5 Subtopics:

1. **The Human + AI Organization** – What should humans do, what should AI do, and where must humans remain accountable?
2. **Meet Your New Digital Colleague: Agentic AI** – What happens when AI agents become members of teams and execute real workflows?
3. **Redesigning Jobs, Not Just Automating Tasks** – How organizations can use AI to fundamentally rethink roles, processes and organizational structures.
4. **Leading People in an AI-Transformed Workplace** – How leadership, motivation, trust, culture and performance management must change.
5. **The Productivity Paradox** – If AI is so powerful, why doesn't productivity automatically soar? What must organizations change to capture the gains?

Session 3 – Entrepreneurship Reimagined: Building in an AI-First World

[Prof Melati Nungsari, Prof. Sylvia Ng, Malisse Tan & Redza Shahid]

5 Subtopics:

1. The One-Person Unicorn? – How far can AI allow very small teams to build, operate and scale businesses that once required hundreds of people?
2. From Idea to MVP in Days – Using GenAI, vibe coding and digital platforms to dramatically compress the entrepreneurial cycle.
3. What Is Your Moat When Everyone Has AI? – Rethinking competitive advantage when technology and intelligence become increasingly democratized.
4. Solving Asia's Problems with Asian Innovation – Identifying opportunities arising from ASEAN's demographics, urbanization, financial inclusion, healthcare, education and digital transformation.
5. Scaling Without Losing the Plot – Capital, talent, governance, ethics and culture as AI-native startups move from experimentation to scale

Session 4 – Sustainability Reimagined: Climate, Technology & Value Creation

[Prof Shardul Phadnis, Prof Asad Ata, and Pieter Stek]

5 Subtopics:

1. Can Green Also Mean Profitable? – Turning sustainability from a compliance cost into innovation, competitive advantage and value creation.
2. AI for the Planet – Using AI, data, satellites, sensors and digital technologies to measure, manage and solve environmental problems.
3. Who Pays for the Transition? – Green finance, blended finance, carbon markets and new mechanisms for mobilizing private capital.
4. Beyond Net Zero: Nature, Biodiversity & the Circular Economy – Moving the sustainability conversation beyond carbon emissions alone.
5. Solving the Emerging World's Problems with Innovation – Identifying opportunities arising from demographics, urbanization, financial inclusion, healthcare, education and digital transformation.
